## **Employment**

3 Points Aviation Corp. makes every effort to identify, remove, and prevent barriers to employment by developing inclusive procedures that support and accommodate persons with disabilities throughout their recruitment and employment. Whenever a candidate requires accommodation to enable them to fully participate in the recruitment and selection process, or a current employee requires accommodation in the workplace, the company works with the individual to provide such accommodation up to the point of undue hardship.

### Recruitment and Hiring

3 Points Aviation Corp. completes recruitment and selection activities in a way that ensures dignity and inclusion for all who participate. Upon request, the company provides candidates with reasonable accommodation during the interview and selection process. The company consults with the candidate to arrange suitable, personalized accommodation, such as providing the application in an alternate or accessible format.

3 Points Aviation Corp. is committed to making decisions that are unbiased and based on qualifications and experience. The company interview process focusses on experience and skills and will not discriminate against candidates who have a disability or require an accommodation, whether it is required during the interview process or would be required if the candidate were hired. Successful candidates are made aware of policies and support for accommodations upon completion of the recruitment process.

### Development

All employees are treated equally regarding training opportunities, and the company does not discriminate against employees who require accommodation when considering eligibility for training and development.

The company aligns training and development programs to meet the needs of employees with disabilities and provides training as soon as reasonably practicable upon the person being assigned to applicable duties. Training programs are designed with flexibility to allow customization for the individual requirements of the employee, such as providing training materials in accessible or conversion-ready formats that take into account the need of the employee. The company considers employee barriers when implementing performance management processes, or when offering career development, employment support, or advancement opportunities.

### Emergency Response

If necessary or upon request, 3 Points Aviation Corp. creates individualized workplace emergency response plans for employees with disabilities. The emergency response plan considers the unique challenges created by the individual's disability and the physical nature of the workplace and is created in consultation with the employee. If an employee with a disability requires assistance from a support person during an emergency, the company designates a fellow mutually agreed upon employee to act as such. Where necessary, this employee will have the required first aid training and certification necessary to provide emergency support.

Customized emergency response plans are reviewed when:

- The employee moves to a different physical location in the organization;
- The employee's overall accommodation needs or plans are reviewed; and
- The company reviews general emergency response policies.

The return-to-work process outlines the steps the company will take to facilitate the employee's return to work and any individualized accommodation needs.

### Redeployment

If an employee cannot be accommodated in their current position, even with accommodations to either the job processes or hours, 3 Points Aviation Corp. will consider redeployment by placing the employee in an alternative position in the company. Depending on the employee's needs, redeployment to an alternative position may be temporary or permanent. The company will work with manager and the employee to determine whether there is another available and suitable position to accommodate the employee's needs. If the accommodation requires a substantial change in position, involving duties or hours, the position may be redesigned.

### Inability to Accommodate

3 Points Aviation Corp. provides workplace accommodation up to the point of undue hardship. Undue hardship may occur where it is established that no forms of reasonable accommodation exist, or where the creation of accommodation would create a health and safety hazard or cause unreasonable costs for the organization.

Where necessary accommodation is found to cause undue hardship on the organization, the company will work to find a fair and equitable compromise that meets the needs of the employee and the organization to the greatest extent possible.
